

LOCATION *guide*

Phike and Naty

There are SO many beautiful spots to choose from when it comes to a photo session in the Canadian Rockies. Finding the right spot for you can be quite overwhelming, especially if this will be your first time in this beautiful area.

I've created this guide to make finding the dream location easier for you. I've gathered some of my favourite spots from all over the Rockies and put them in one place for you.

Please remember this is just a guide of some of MY favourite spots. If you have a spot in mind that is not found here, know that I am always, ALWAYS, happy to make my client's ideas happen!
